

BOOTSTRAP 5

Components – Part III

(<https://getbootstrap.com/docs/5.1/components/>)

CONTENT

15. Progress

16. Popovers

17. Tooltips

18. Alerts

19. Toasts

20. Placeholders

21. List group

22. Scrollspy

23. Offcanvas

24. Close button

15. PROGRESS

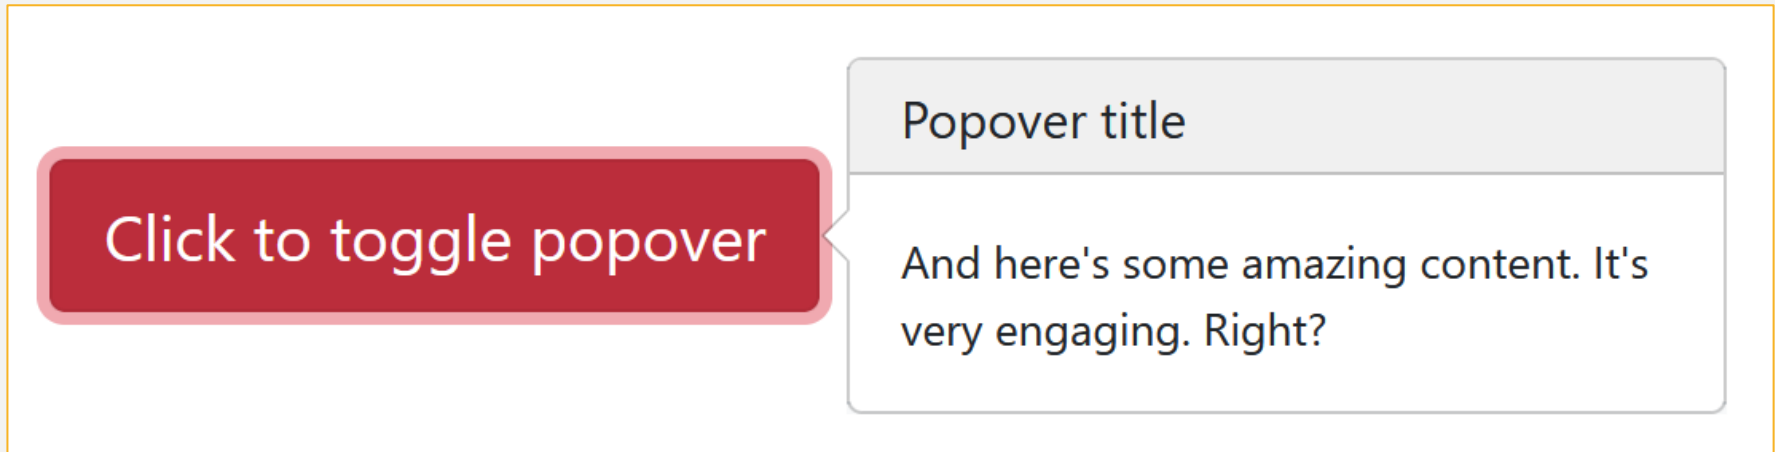

- Bootstrap custom progress bars featuring support for stacked bars, animated backgrounds, and text labels.

- Url:
<https://getbootstrap.com/docs/5.1/components/progress/>

16. POPOVERS

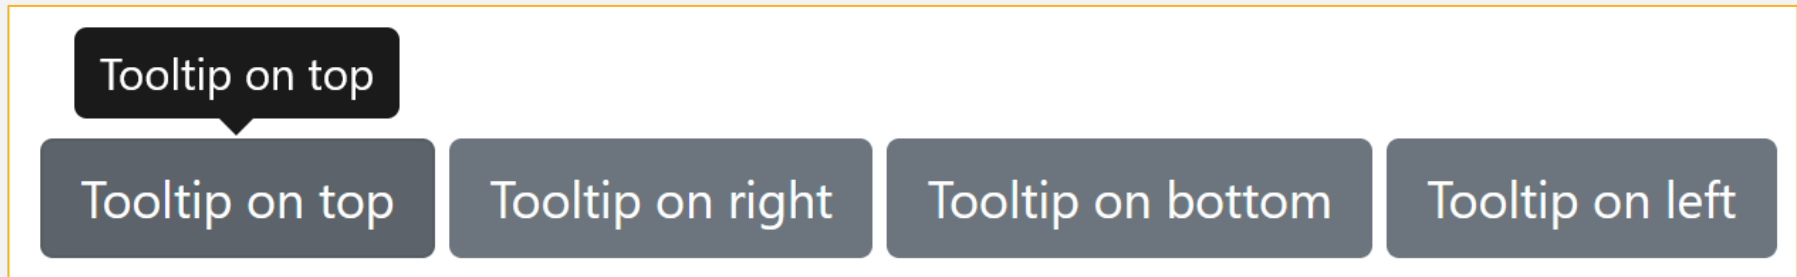

- Bootstrap popovers, like those found in iOS, to any element on your site.

- Url:
<https://getbootstrap.com/docs/5.1/components/popovers/>

17. TOOLTIPS

- Bootstrap tooltips with CSS and JavaScript using CSS3 for animations and **data-bs-attributes** for local title storage.

- Url: <https://getbootstrap.com/docs/5.1/components/tooltips/>

18. ALERTS

- Provide contextual feedback messages for typical user actions with the handful of available and flexible alert messages.

 An example alert with an icon

 An example success alert with an icon

 An example warning alert with an icon

 An example danger alert with an icon

- Url: <https://getbootstrap.com/docs/5.1/components/alerts/>

19. TOASTS

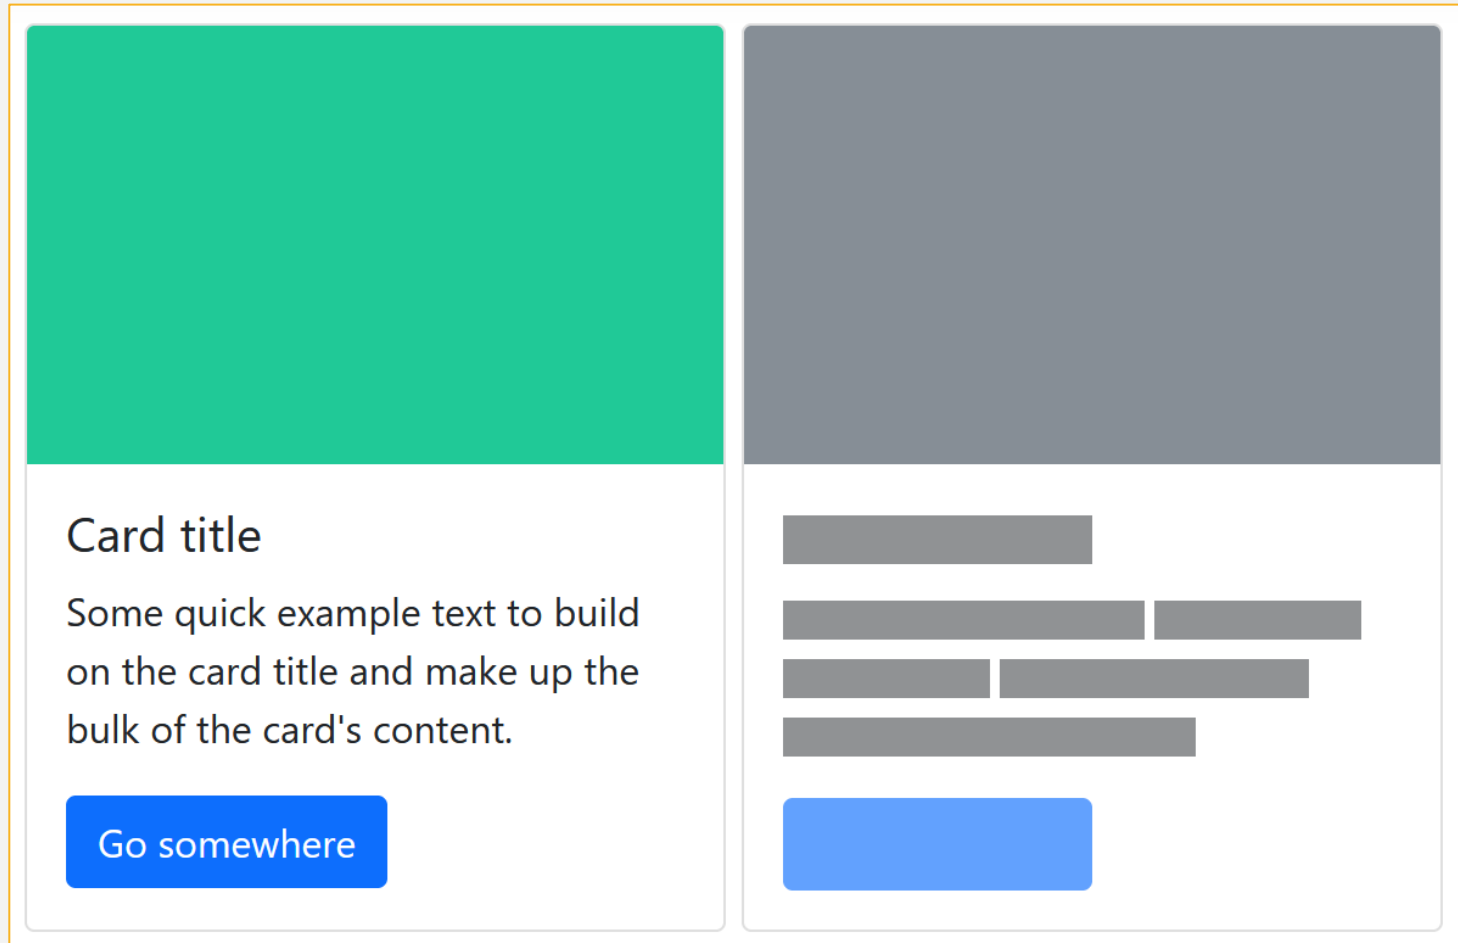

- Push notifications to your visitors with a toast, a lightweight and easily customizable alert message.

- Url: <https://getbootstrap.com/docs/5.1/components/toasts/>

20. PLACEHOLDERS

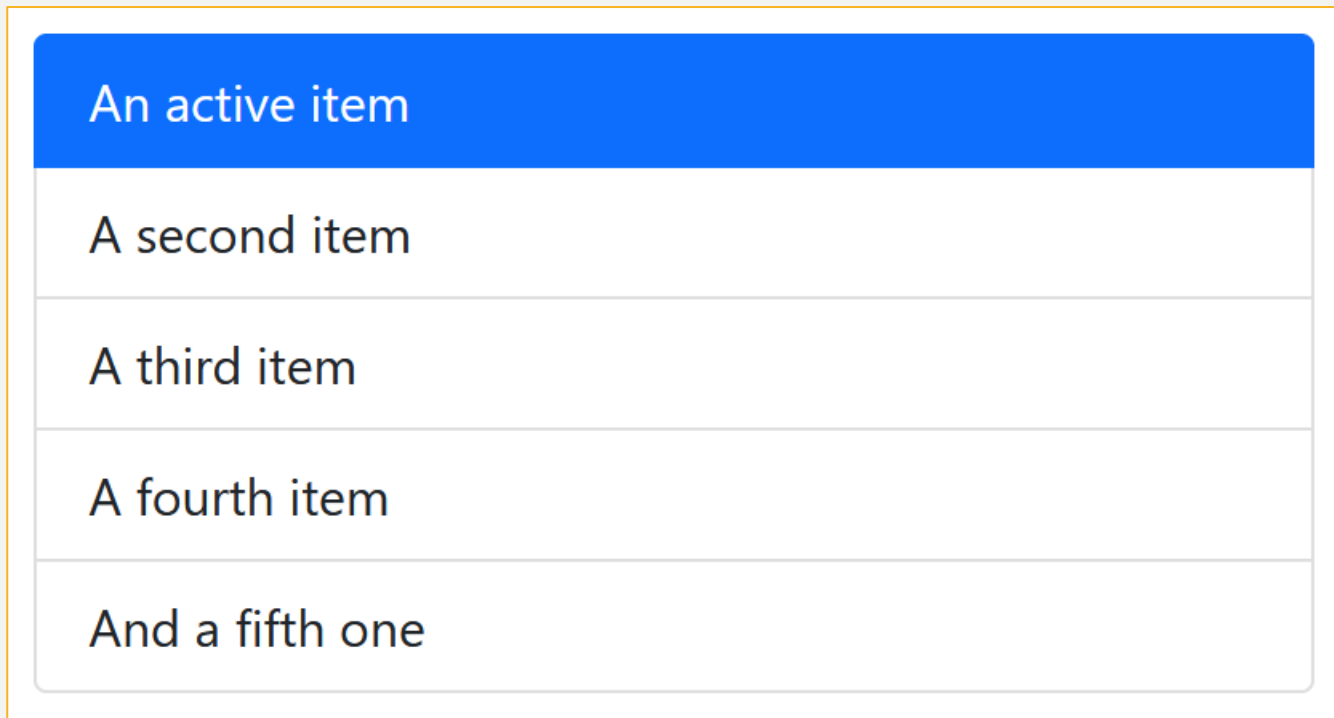

- Use loading placeholders for your components or pages to indicate something may still be loading.

- Url: <https://getbootstrap.com/docs/5.1/components/placeholders/>

21. LIST GROUP

- List groups are a flexible and powerful component for displaying a series of content. Modify and extend them to support just about any content within.

- Url: <https://getbootstrap.com/docs/5.1/components/list-group/>

22. SCROLLSPY

- Automatically update Bootstrap navigation or list group components based on scroll position to indicate which link is currently active in the viewport.

Navbar

First

Second

Dropdown ▼

Second heading

This is some placeholder content for the scrollspy page. Note that as you scroll down the page, the appropriate navigation link is highlighted. It's repeated throughout the component example. We keep adding some more example copy here to emphasize the scrolling and highlighting.

Third heading

This is some placeholder content for the scrollspy page. Note that as you scroll down

- Url: <https://getbootstrap.com/docs/5.1/components/scrollspy/>

23. OFFCANVAS

- Build hidden sidebars into your project for navigation, shopping carts, and more with a few classes and our JavaScript plugin.

Offcanvas

Some text as placeholder. In real life you can have the elements you have chosen. Like, text, images, lists, etc.

Dropdown button

v5.1

How to show and hide an offcanvas element via JavaScript that toggles the element with the `.offcanvas` class.

Shows content (default)

Now shows content

with the `href` attribute, or a button with the `data-bs-target` attribute. In both `toggle="offcanvas"` is required.

Button with data-bs-target

```
<button type="button" class="btn btn-primary" data-bs-toggle="offcanvas" href="#offcanvasExample" role="button">
```

```
'btn btn-primary' type="button" data-bs-toggle="offcanvas" data-bs-ta
```

Copy

- Url: <https://getbootstrap.com/docs/5.1/components/offcanvas/>

24. CLOSE BUTTON

- A generic close button for dismissing content like modals and alerts.

```
<button type="button" class="btn-close" aria-label="Close"></button>
```

- Url: <https://getbootstrap.com/docs/5.1/components/close-button/>

THE END
